# Future Leaders in Public Service Internship Program

Our nation's current and future challenges make it imperative that government identify, recruit and retain the next generation of public servants.

Managed by the Partnership for Public Service, the **Future Leaders in Public Service Internship Program** is actively recruiting its Spring 2024 cohort and seeking young talent—undergraduate, graduate and professional students from across disciplines—to join the federal workforce as paid interns.

With just under 7% of the full-time federal workforce under the age of 30, executive branch agencies are working to meet this need, prioritizing the design and implementation of paid internship programs that provide students with valuable work experience, an expanded professional network, and a better understanding of the importance and impact of public service.

As of December 2022, less than 7% of the full-time federal workforce is under the age of 30.

Applications to join the program's Spring 2024 cohort are now open. Apply today at [gogovernment.org/fellowship/future-leaders-in-public-service-internship-program](https://gogovernment.org/fellowship/future-leaders-in-public-service-internship-program).
