# Future Leaders in Public Service Internship Program

Our nation's current and future challenges make it imperative that government identify, recruit and retain the next generation of public servants.

Managed by the Partnership for Public Service, the **Future Leaders in Public Service Internship Program** is actively recruiting its Summer 2025 cohort, seeking young talent—undergraduate, graduate and professional students from across disciplines—to join the federal workforce as paid interns.

With just 7% of the full-time federal workforce under the age of 30, your agency can help meet this need by partnering with us on our paid internship program that provides students with valuable work experience, an expanded professional network and a better understanding of the importance and impact of public service.

As of November 2023, 7% of the full-time federal workforce is under the age of 30.
