Intergovernmental Personnel Act (IPA) Talent Exchange Onboarding Program

OVERVIEW

The Partnership for Public Service is holding a series of virtual onboarding sessions so that those from academia, non-profits and state and local governments who will begin federal assignments—including under the [Intergovernmental Personnel Act](#)—are prepared to succeed as they bring their talents to federal agencies.

IPA candidates and fellows will be given important insights to navigate the federal workplace so they can tackle significant issues such as dealing with aspects of the COVID-19 pandemic, pressing economic issues, the devastating effects of climate change and helping agencies implement President Biden's [executive order](#) on racial equity to address entrenched disparities in the services and benefits provided by the federal government.

The onboarding sessions are designed to:

- Empower a successful transition to federal service.
- Impart essential knowledge about the federal government so IPAs and fellows are better prepared to serve as change agents.
- Provide strategies to build effective relationships with appointees and career staff to maximize impact.
- Keep IPAs and fellows connected so they can seek advice and support throughout their placement.

To register, please email ipaprogram@ourpublicservice.org with your full name, title of your IPA/fellow assignment, and the federal agency where you will be serving.
